Dear my respected prophet Hagay!

I and Mr.Oh and Mr.You thank you so much for your video clip, some pictures and the list of attendees of the CLC.

It will be excellent and positive feedback to all the CLC participants. We should be appreciated to have this valuable information.

I personally was impressed by the guide who explained more precisely what was in old Jerusalem especially City of David including Absalom tomb.

I look forward to seeing you in Macao, next month.

With best regards,

Min Soo
